

Jeep Wrangler® All-Weather Umbrella Stroller Instructions

Jeep®

by **Kolcraft**®

 **WARNING**

Your child's safety depends on you. Proper stroller usage cannot be assured unless you follow these instructions.

DO NOT USE STROLLER UNTIL YOU READ AND FOLLOW THE MANUFACTURER'S INSTRUCTIONS.
IMPORTANT SAFETY INFORMATION:

How to Keep Your Child Safe While Using this Stroller

- **NEVER LEAVE YOUR CHILD UNATTENDED WHILE IN STROLLER.** Accidents can happen quickly while your back is turned. You must always keep your child in view while your child is in the stroller, even when sleeping. Do not use this product as a bed. Your child may become tangled in straps or pads and suffocate.
- **Always use restraint system to keep child from standing up or falling out of the stroller. Use this harness at all times.** Do not use product without full 5 point Harness Restraint. Removing the shoulder straps will not adequately restrain child.
- **Always lock the stroller open before allowing your child in or near the stroller.** This prevents injuries caused by stroller collapsing.
- **Only use this stroller with children who weigh less than 35 lbs. (15.88 kg).** Use by larger children may damage the stroller, or cause a hazardous unstable condition to exist.
- **Not recommended for a child under 6 months old.**
- **Only use this stroller when child can sit up unassisted or only use product in recline position (select models).**
- **Always set the wheel brakes when stroller is not moving, especially on an incline.** This prevents the stroller from rolling away.

What to Avoid While Using this Stroller

- **Always balance the weight of the stroller evenly.** To prevent the stroller from becoming unstable or tipping:
 - Do not place parcels or accessory items on the stroller canopy, seat, or over the handle.
 - This stroller is designed for one child only.
 - Do not put more than 3 lbs. (1.36 kg) in the cargo bags or rear storage bag (select models).
 - Do not allow children to play with or hang onto the stroller.
- **Never use this stroller on stairways or escalators.**
- This is **NOT AN EXERCISE STROLLER!** Do not use this product while running, jogging, in-line skating or participating in other athletic activities.

- **DO NOT** use any infant car seats with this product. Serious injury could occur.
- Do not allow child to stand on seat or sit on footrest.
- Put on all brakes whenever you park the stroller, especially on an incline. This prevents the stroller from rolling away.
- Always fasten the hood onto the seat back when using the stroller in the reclined position.
- Do not allow children to climb into stroller unassisted. Stroller may tip over and injure child.
- Only use replacement parts supplied by the manufacturer.
- Do not carry extra children or use accessories other than those approved by the vehicle manufacturer.
- The stroller should not be used near an open fire or exposed flame.
- Make sure children are clear of any moving parts if you adjust the stroller, otherwise they may be injured.

Care & Maintenance

- Always store your Jeep baby product in a clean dry place. If exposed to damp conditions, leave fully opened and in a warm environment. Clean woven fabric or vinyl parts with mild soap and water solution. Clean metal parts with a damp cloth and wipe dry. Dry wet stroller with a soft cloth to prevent rusting. Storing a damp stroller will encourage mildew to form.
- Do not leave in the boot of a car.
- Avoid exposure to salt water / sea water, as this may encourage the formation of rust. If stroller is used in this environment, completely clean your stroller afterwards to remove sand and salt from mechanisms and wheel assemblies.
- Should parts of your stroller become stiff, squeak or difficult to operate ensure dirt is not the cause. To keep your stroller running smoothly and avoid squeaking wheels use a silicone or graphite based lubricant. It is important to get it into the axle and the wheel assembly. DO NOT over lubricate, as this will encourage the accumulation of dirt.
- When storing stroller, never stack other items on top of it; this may damage the stroller.
- Periodically check for worn parts, loose screws, torn materials or stitching.
- Replace any damaged parts immediately.
