Thank you for purchasing a quality VALCO product. Due to our policy of continuous product development, this model is constantly evolving. It is possible that some features or procedures outlined here have changed since this document was written. If you are unsure of any procedure outlined here please contact the store from which you purchased it to obtain the most up to date information, or contact us via the internet. See relevant web contact addresses on the back page.

Assembling / Opening your bassinet

Remove the bassinet from the carton and dispose of all packaging immediately and thoughtfully.

1. Lie the bassinet on a flat surface "bottom up"
2. Swivel the two fixing arms outward and upward till they lock into place

1. Push out each of the wire frames to create the bassinet body.
2. Be sure to push each frame as far as it can go – till the stoppers.

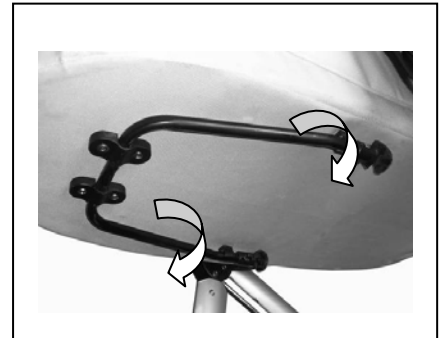

1. Insert the inner liner skirt into the bassinet making sure that the holes from the canopy are correctly aligned.
2. Secure by wrapping it over the bassinet sides.

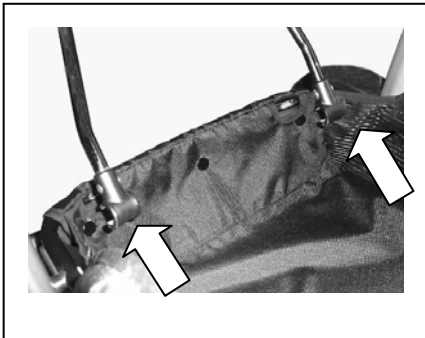

1. Fit the mattress cover to the mattress.
2. Insert the mattress into the bassinet.

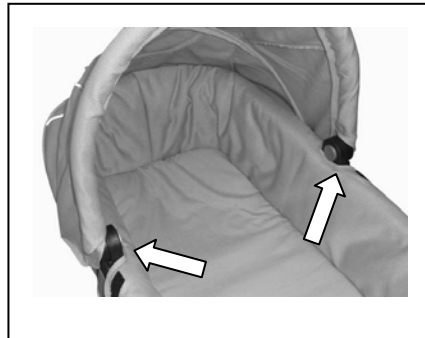

1. Line up each of the fixing arms with the corresponding housing located on either side of the stroller frame.
2. Insert the connectors into the housing until the seat is securely in place.

1. Release and swivel the stability arm downward.

1. Connect and secure the stability arm to the basket

1. To adjust your canopy, simultaneously press the two grey buttons on the inside of the hood and move to the desired position.

1. To remove your bassinet, simultaneously press the grey release buttons found on either side of the bassinet.
2. Lift the bassinet out of the frame.
